Hierarchal graph visualisation

Using my Python and Graphviz code for calculations and generation of the plot found here:

https://bit.ly/37toMDc

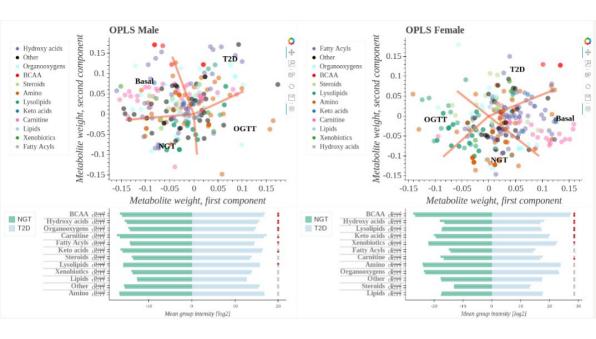

Interactive and reactive graphs

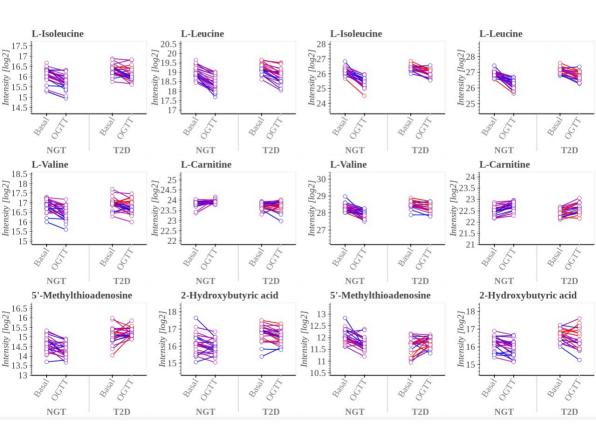

Using my own Python and JS codes for calculations and generation of the interactive plot found also here:

https://bit.ly/2IJSoBK

Dashboard development

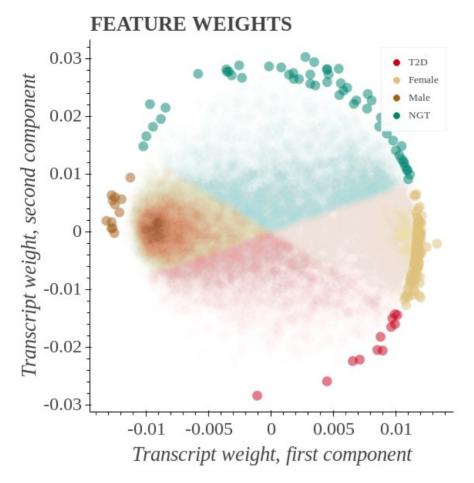

A/B testing visualisation

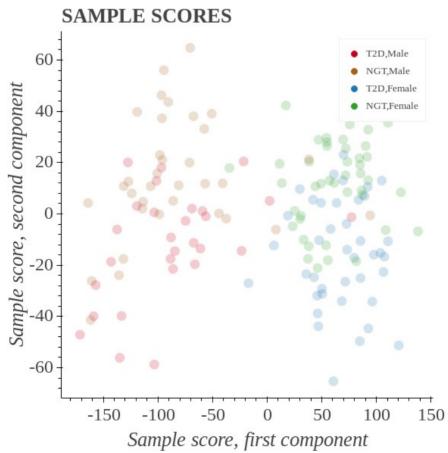

Using my Python codes for calculations and generation of the interactive plot found also here:

https://bit.ly/37sSpV4

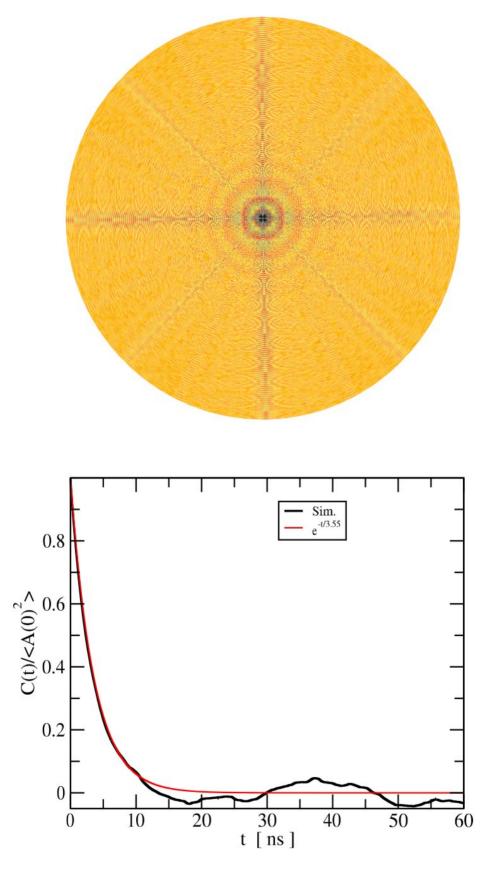

Exploratory multivariate analysis

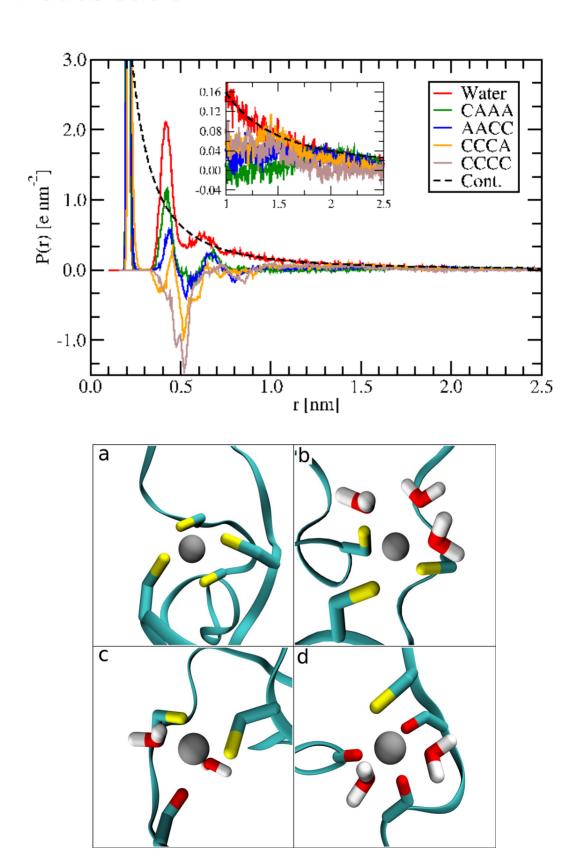

Using my own Python codes for calculations. Interactive plot here: https://bit.ly/2GJ5SN8

Sampling errors and time series

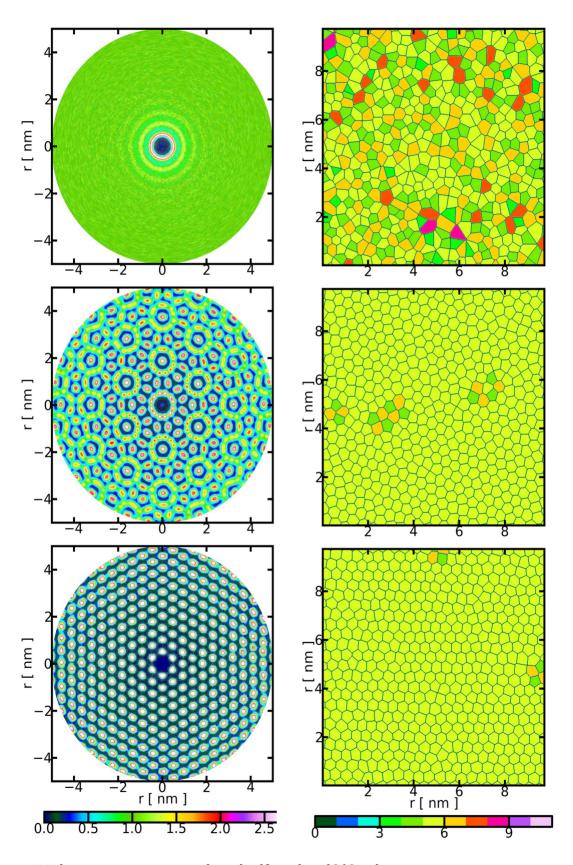

Using my own rdf and fourier codes for calculations (C/C++)

Fancy analytical model visualisation

Visualisation of a complex bulk systems

Using my own voronoi and rdf codes (C/C++)

Scientific Journal Front page illustration

28 MAY 2010

Volume 132 Number 20

THE JOURNAL OF CHEMICAL PHYSICS
